## 1. Login/Register

- Goto homepage
- Click 'Login/Register' Button
- Click 'Enter here' link

- Enter First Name\*, Middle Name, Last Name
- Enter User ID, password(2 times)
- Enter Unique College ID and email address
- Select Gender
- If User ID not available, choose different ID

The screenshot shows a web browser window with the title "Infinite Loop - Registration". The URL in the address bar is "localhost:8080/InfiniteLoop/register.jsp". The page has a green header bar with links for "Home", "View Articles", "About", and "Contact". The main content area is titled "Registration". It contains fields for First Name (Krishnan), Middle Name, Last Name (K), Choose User ID (Available: krish), New Password (Minimum 6 characters) and Confirm Password, Enter your College ID (format 315xxxxxxxxx) (31509104050), Your Email Address (thisismyemailidnow@gmail.com), Gender (Male selected), Member Type (Student selected), Year of Study (eg. 2009-2013), and Degree. On the right side, there is a sidebar titled "Archives" with links for Jan 2012, Feb 2012, Mar 2012, and Apr 2012.

## a. Student Registration

- Select Student radio button
- Enter year of study in specified format
- Enter Degree and Department

## b. Faculty Registration

- Select Faculty radio button
- Enter Department and Qualifications
- Enter a security question
- Enter a security answer
- Enter Captcha
- Select the Check box
- Press 'Register' button

A registration success message is displayed

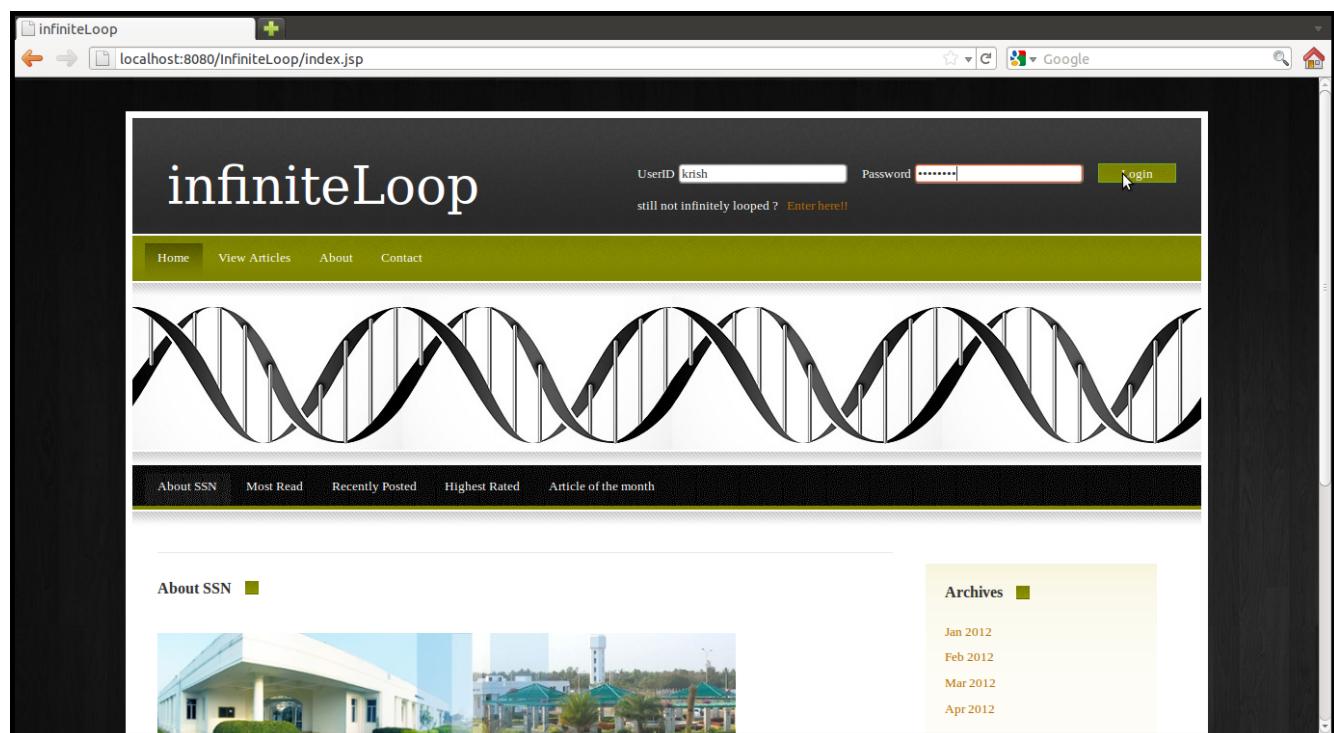

If not according to the specified format then corresponding message is displayed

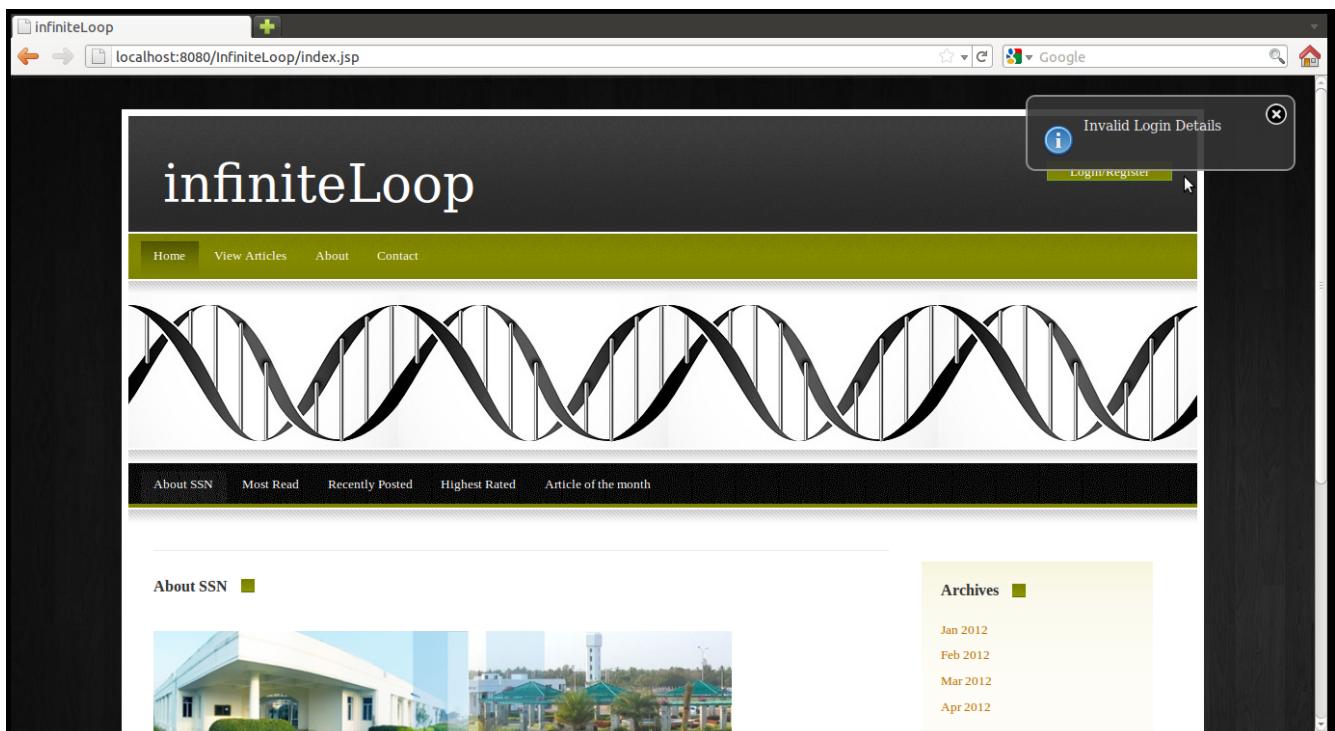

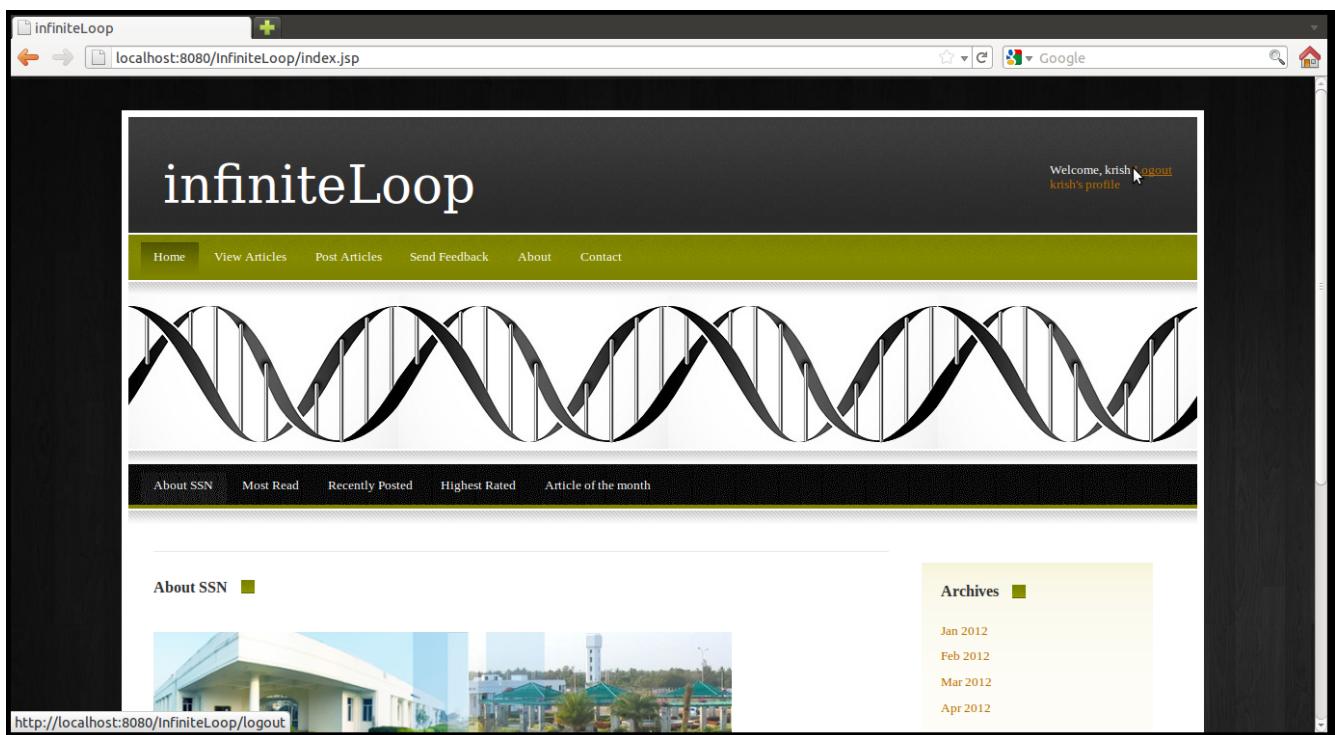

After registration, the user is taken to the home page where he/she can login.

### c. Login

- Click Login/Register button
- Enter your User ID and password
- Press Login

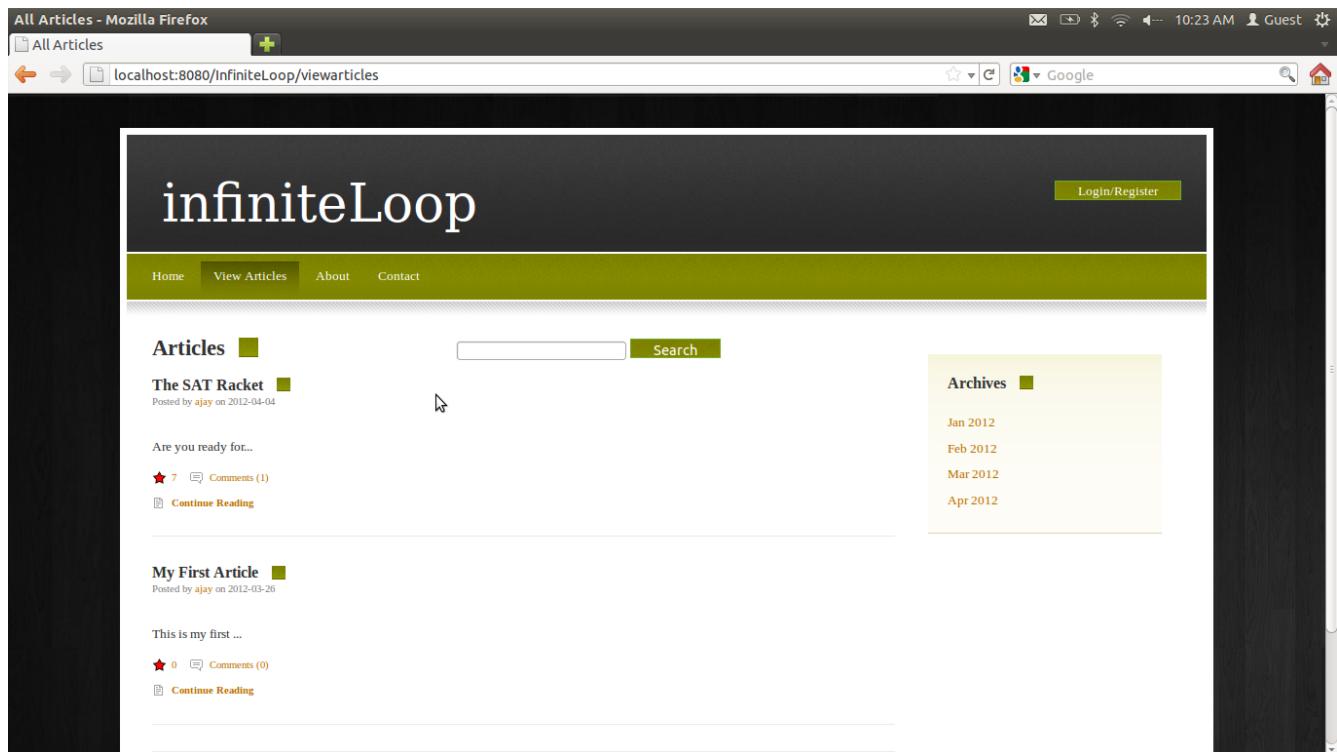

- On success, a welcome message is displayed
- On failure, appropriate message is displayed
- The user ID or password field should not be left blank

## 2. Common Functionalities

### a. View Articles List

- Goto homepage
- Click on 'View Articles' link
- All articles posted till date will appear in the list

### b. View Full Article

- When viewing the articles list, click on the 'Continue Reading' link in the article
- This will goto the full article page displaying the comments and rating of that article

The screenshot shows a web browser window with the URL [localhost:8080/InfiniteLoop/disparticle](http://localhost:8080/InfiniteLoop/disparticle). The page title is "View Article". The main content area displays an article titled "The SAT Racket". The article text reads:

Are you ready for a completely random question? No? Oh, come on! It's a fill-in-the-blank. Everybody loves those. Completely irrelevant to what students typically learn in school, taking the SATs was a experience for Joe Bloggs. Here are your choices. Uh, you can't discern what any of the words mean? What a conundrum! You're going to guess and go with choice C? That seems desultory, don't you think? But don't worry; if you're lucky, your haphazard conjecture may get you the credited response.

Okay, maybe that last problem was a bit unreasonable. Try this one: If X number of students pay a fee of Y dollars to take the SATs and half the students take a test prep course costing Z dollars, express the net profit of the testing industry in terms of X. Did you get all that? You didn't? Maybe you should have spent more money on SAT prep. By the way, the accredited response is choice E: A lot.

Below the article, there are rating and commenting sections:

**Comments**

Good Article..  
Posted by ajay 2012-04-04

Please login to Comment

The right sidebar contains an "Archives" section with links to Jan 2012, Feb 2012, Mar 2012, and Apr 2012.

## c. Search Article

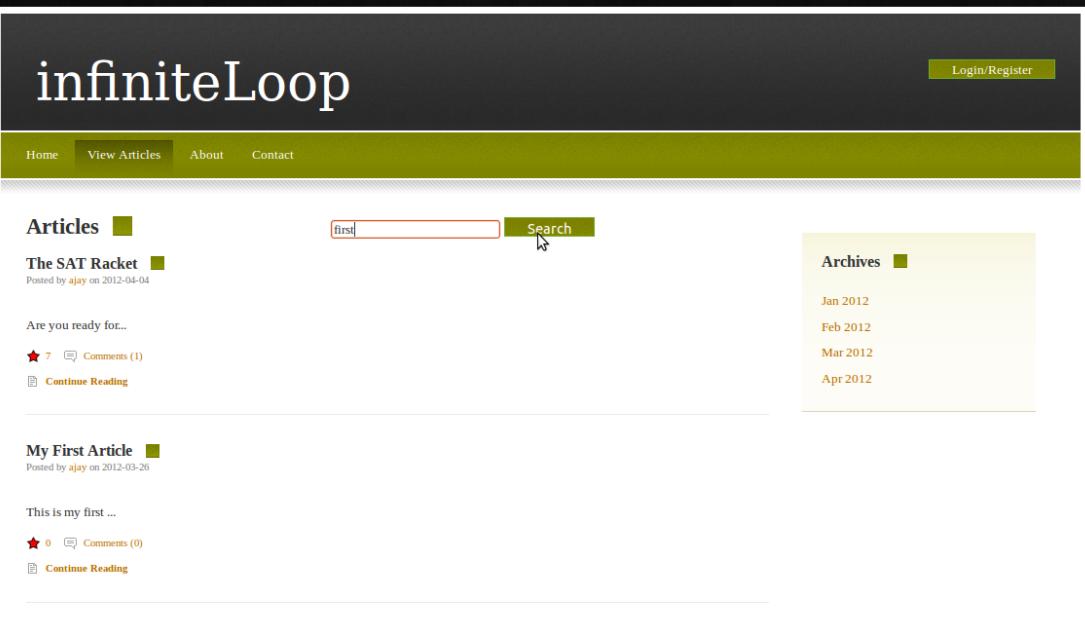

- Click 'View Articles' link
- Enter the Search keyword in the search textbox
- Click Search button
- All the article containing the search keyword in tags are displayed.

All Articles - Mozilla Firefox

All Articles 

localhost:8080/InfiniteLoop/viewarticles

10:31 AM Guest

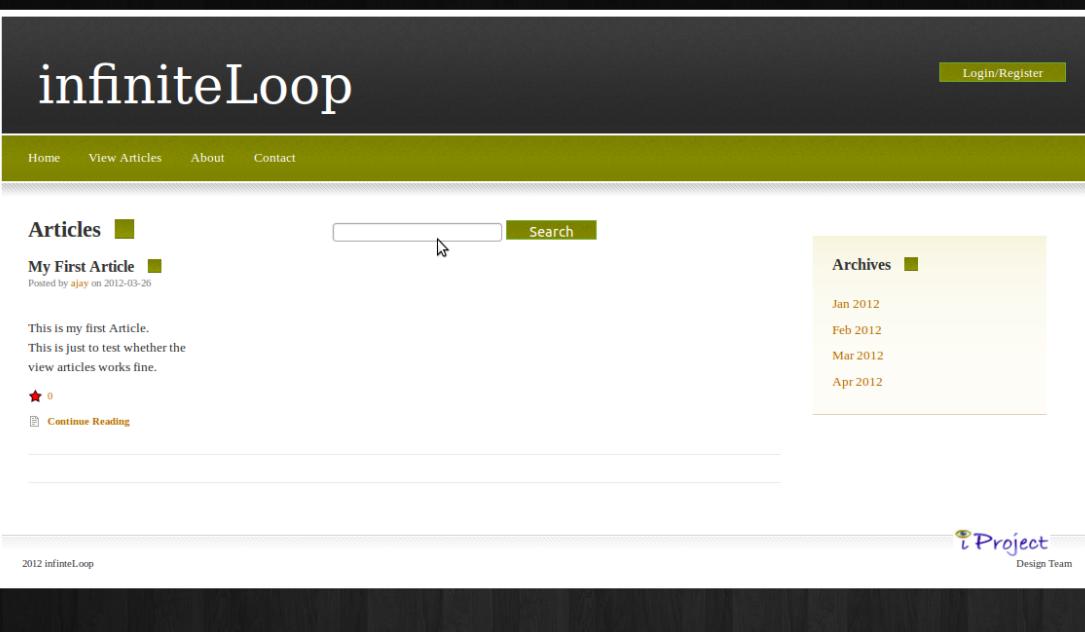

The screenshot shows the homepage of the infiniteLoop website. The header features a dark background with the title "infiniteLoop" in white. A green navigation bar below it contains links for "Home", "View Articles", "About", and "Contact". On the right side of the header is a "Login/Register" button. The main content area is titled "Articles" and lists two articles: "The SAT Racket" and "My First Article". Each article has a small thumbnail, the title, the author ("ajay"), and the posting date. Below each article is a short excerpt, a rating section, and a "Continue Reading" link. To the right of the articles is a sidebar titled "Archives" containing a list of months from January 2012 to April 2012.

Search Results - Mozilla Firefox

Search Results 

localhost:8080/InfiniteLoop/search

10:32 AM Guest

This screenshot shows the search results page for the infiniteLoop website. The layout is identical to the homepage, with a dark header, a green navigation bar, and a main content area titled "Articles". The search results list only the single article "My First Article" by "ajay" from March 26, 2012. The article's content, rating, and "Continue Reading" link are visible. The right sidebar with the "Archives" list is also present.

## d. About - Click on the 'About' link to view About page

A screenshot of a Mozilla Firefox browser window. The title bar says "About Us - Mozilla Firefox". The address bar shows "localhost:8080/InfiniteLoop/about.jsp". The page content is titled "About Us". It contains a section for the "Development Team" with four members listed: Ajay Bhargav B, Krishnan K, Dhinesh N, and Bharath R, each with their contact details. To the right is a sidebar titled "Archives" with links to Jan 2012, Feb 2012, Mar 2012, and Apr 2012. At the bottom right is the "iProject Design Team" logo.

## e. Contact - Click on the 'Contact' link to view Contact page

A screenshot of a Mozilla Firefox browser window. The title bar says "Contact - infiniteLoop - Mozilla Firefox". The address bar shows "localhost:8080/InfiniteLoop/contact.jsp". The page content is titled "Contact Us". It contains two sections: "Trust Office" with address details for SSN Trust in Chennai, and "Institution" with details for SSN College of Engineering in Tamil Nadu. To the right is a sidebar titled "Archives" with links to Jan 2012, Feb 2012, Mar 2012, and Apr 2012. At the bottom right is the "iProject Design Team" logo.

## f. View Archives

- Click on the month link in the right side of the page.
- All Articles in that month are displayed.

The screenshot shows a Mozilla Firefox browser window with the title bar "infiniteLoop - Mozilla Firefox". The address bar contains "localhost:8080/InfiniteLoop/index.jsp". The main content area displays the "About SSN" page, which includes a photograph of a modern building complex and a detailed text about the SSN institutions. On the right side, there is a sidebar titled "Article of the month" containing links to "Jan 2012", "Feb 2012", "Mar 2012" (which is highlighted in orange), and "Apr 2012". At the bottom of the page, there is a footer with links to "2012 infiniteLoop", "Administrator Login", and the "iProject Design Team" logo.

The screenshot shows a Mozilla Firefox browser window with the title bar "All Articles - Mozilla Firefox". The address bar contains "localhost:8080/InfiniteLoop/viewarticles?month=3". The main content area displays the "All Articles" page, featuring a large title "infiniteLoop" and a navigation menu with "Home", "View Articles", "About", and "Contact". Below the menu, there is a sidebar titled "Articles" showing a single article titled "My First Article" posted by "ajay" on "2012-03-26". The article content is "This is my first ...". There is also a "Search" input field. On the right side, there is another sidebar titled "Archives" containing links to "Jan 2012", "Feb 2012", "Mar 2012" (highlighted in orange), and "Apr 2012". At the bottom of the page, there is a footer with links to "2012 infiniteLoop", "Administrator Login", and the "iProject Design Team" logo.

## g. View Profile

- Click on the user name in any article after Posted by
- A profile page containing the info of the user is displayed

The screenshot shows a web browser window titled "All Articles - Mozilla Firefox". The URL is "localhost:8080/InfiniteLoop/viewarticles". The page has a header with "INFINITELOOP" and navigation links for Home, View Articles, About, and Contact. Below the header is a search bar. The main content area is titled "Articles" and contains two article entries:

- The SAT Racket** - Posted by ajay on 2012-04-04. It has 7 comments. A link to "Continue Reading" is shown.
- My First Article** - Posted by ajay on 2012-03-26. It has 0 comments. A link to "Continue Reading" is shown.

On the right side, there is a sidebar titled "Archives" with links to Jan 2012, Feb 2012, Mar 2012, and Apr 2012. At the bottom of the page, there is a footer with "iProject Design Team" and a JavaScript code snippet: "javascript:document.getElementById('profile1').submit()".

The screenshot shows a web browser window titled "Profile - Mozilla Firefox". The URL is "localhost:8080/InfiniteLoop/viewuserprofile". The page has a header with "INFINITELOOP" and navigation links for Home, View Articles, About, and Contact. The main content area displays a user profile for "Ajay Bhargav".

The profile includes:

- A profile picture placeholder.
- An "About Me" section with the following details:
  - Gender : male
  - Occupation : student
  - Degree : B.E
  - Department : CSE
  - Year : 2009-2013
- A "My Articles" section listing the same two articles as the previous screenshot: "The SAT Racket" and "My First Article".

On the right side, there is a sidebar titled "Archives" with links to Jan 2012, Feb 2012, Mar 2012, and Apr 2012.

### 3. Member

#### a. Post Article

- Login to your account
- Click Post Article link
- Enter the Article Title
- Enter its Content
- Enter the tags ( for searching )
- Enter Captcha
- Press Post button

The screenshot shows a web browser window with the title 'Post Article'. The URL in the address bar is 'localhost:8080/InfiniteLoop/postarticle.jsp'. The page has a green header bar with links: Home, View Articles, Post Articles, Send Feedback, About, and Contact. The main content area is titled 'Post Article'. It contains fields for 'Subject' (with 'Test Article' entered), 'Article Content' (with 'This is a test article.  
This article is used for testing  
if the post article works fine  
or not.' entered), 'Tags (separated by comma)' (with 'test' entered), and 'Enter Captcha' (with a CAPTCHA image showing 'p8em' and a text input field containing 'p8em'). A 'Post' button is at the bottom. To the right, there is a sidebar titled 'Archives' listing months: Jan 2012, Feb 2012, Mar 2012, and Apr 2012.

On posting it displays appropriate message.

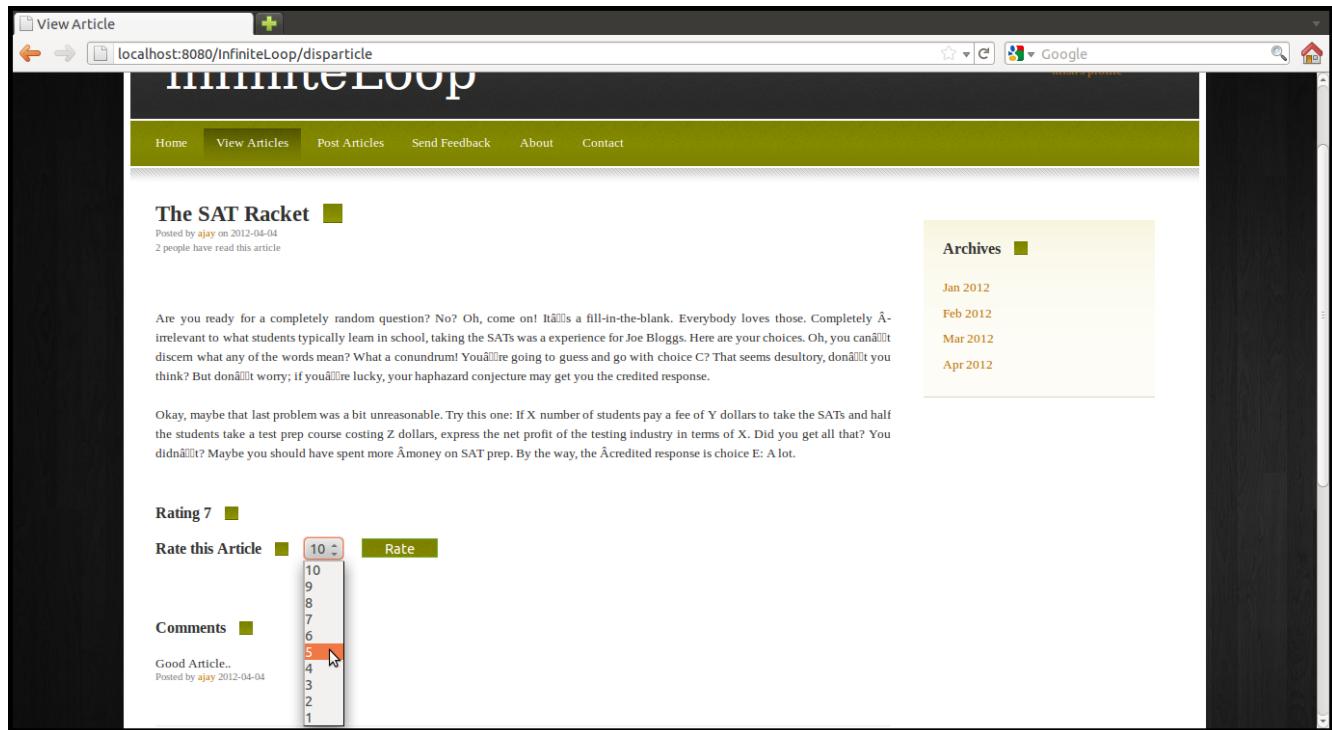

A screenshot of a web browser window titled "All Articles". The URL is "localhost:8080/InfiniteLoop/postart". The main content area features a dark header with the text "infiniteLoop". Below the header is a green navigation bar with links: Home, View Articles, Post Articles, Send Feedback, About, and Contact. A modal dialog box in the top right corner displays a blue info icon and the text "Your article has been sent to moderator for approval". The main content area shows two articles listed under "Articles": "The SAT Racket" and "My First Article". Both articles have a small thumbnail icon next to their titles. The "The SAT Racket" article was posted by "ajay" on "2012-04-04". It has a rating of 7 stars and 1 comment. The "My First Article" article was posted by "ajay" on "2012-03-26". It has a rating of 0 stars and 0 comments. To the right of the articles is a sidebar titled "Archives" which lists the months from "Jan 2012" to "Apr 2012".

On error it displays appropriate message

A screenshot of a web browser window titled "Post Article". The URL is "localhost:8080/InfiniteLoop/postart". The main content area shows a form titled "Post Article". The "Subject" field contains "Test Article". The "Article Content" field contains the text "This is a test article.  
This article is used for testing  
if the post article works fine  
or not.". The "Tags (separated by comma)" field is empty. The "Enter Captcha" field contains the text "h7e8r". Below the form, an error message "Invalid Captcha" is displayed in red. At the bottom of the form is a green "Post" button. A small note at the bottom of the page states "the article will be sent to moderator for approval". To the right of the form is a sidebar titled "Archives" which lists the months from "Jan 2012" to "Apr 2012".

## b. Rate Article

- Login to your account
- Click Continue Reading on the article you want to rate
- Select desired rating
- Press 'Rate'

## c. Post Comment

- Login to your account
- Click Continue Reading on the article you want to comment
- Enter the comment
- Enter captcha
- Press 'Comment' button

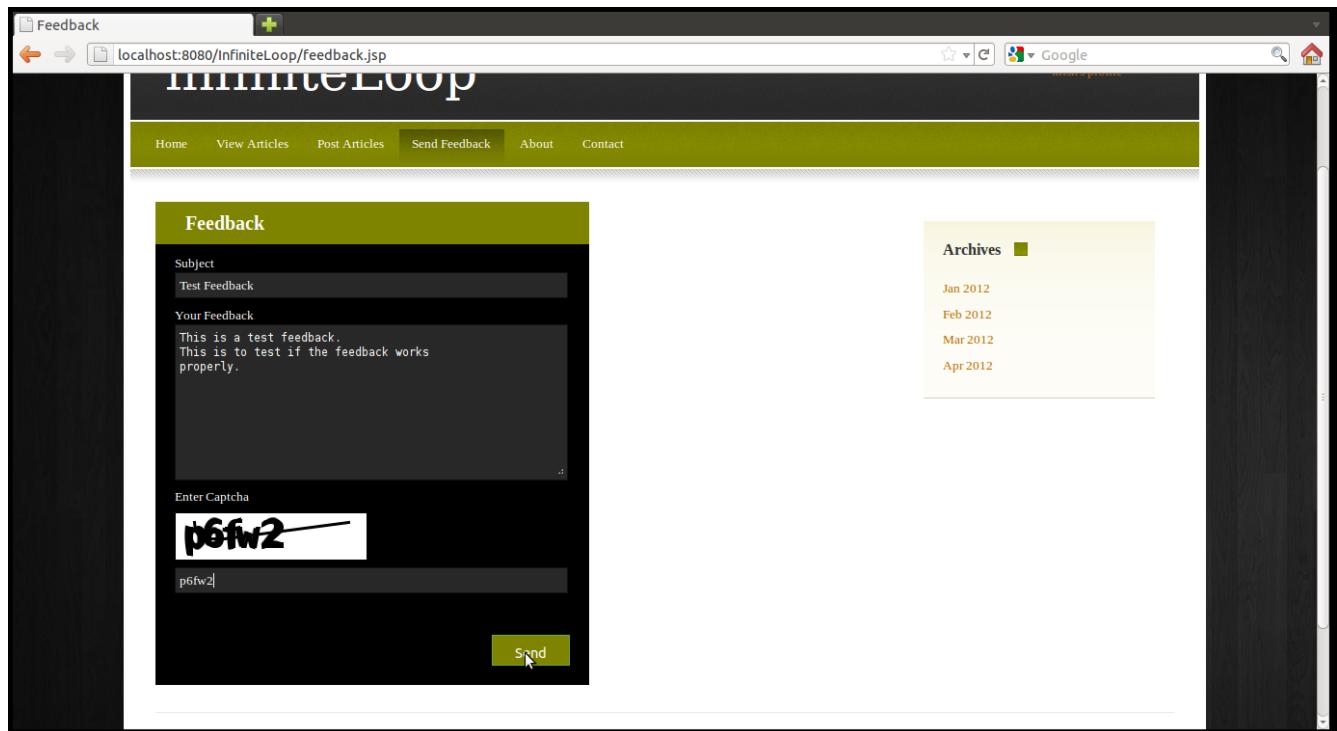

- The comment will appear with the article

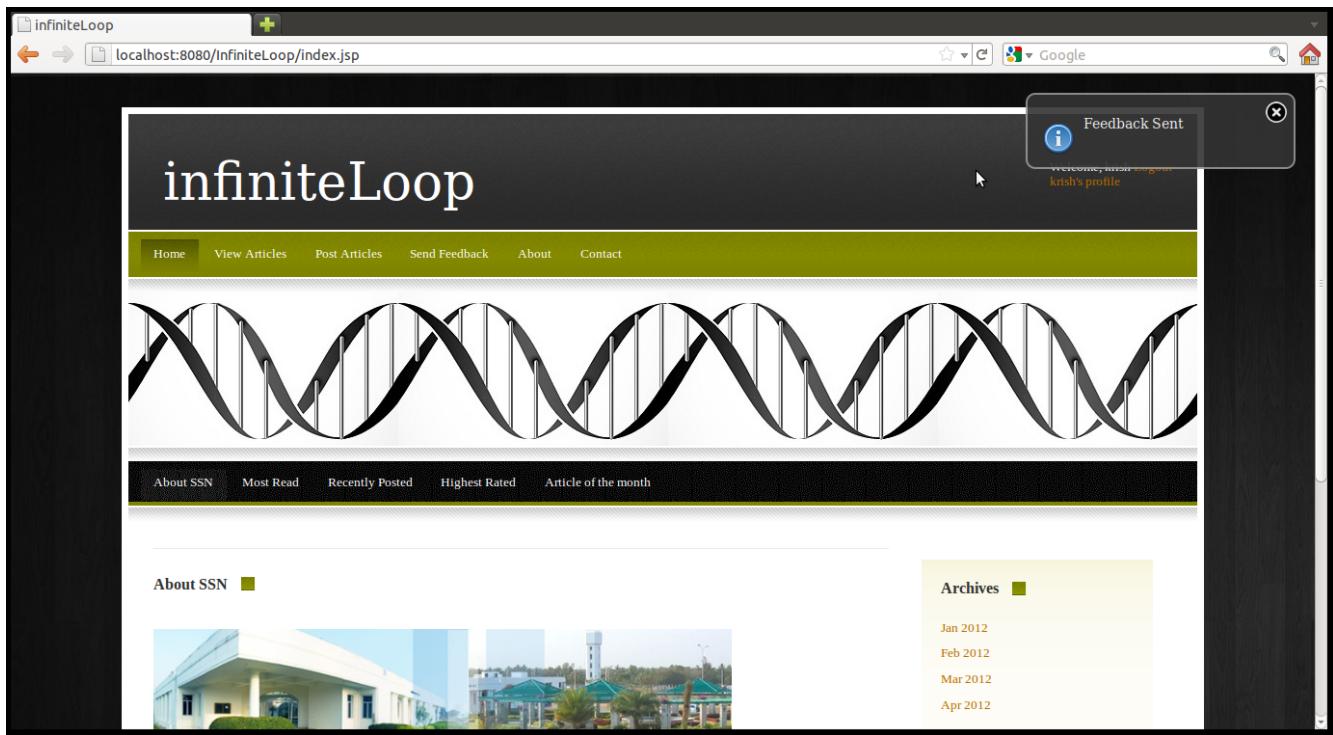

This screenshot shows a web browser window with a dark theme. The address bar displays "localhost:8080/InfiniteLoop/disparticle". The main content area shows an article titled "My First Article" posted by "ajay" on 2012-03-26. The article content is "This is my first Article. This is just to test whether the view articles works fine." Below the article is a rating section with a "Rating 0" button and a "Rate this Article" form. A "Comments" section follows, containing an "Enter Comment" text area with the placeholder "This is a test comment" and a CAPTCHA input field containing "h874p". A "Comment" button is visible below the CAPTCHA. To the right, a sidebar titled "Archives" lists months from "Jan 2012" to "Apr 2012".

This screenshot shows the same web browser window after a comment has been posted. The address bar now displays "localhost:8080/InfiniteLoop/comment". The main content area shows the same article and rating section. The "Comments" section now includes a new comment entry: "This is a test comment" posted by "krish" on 2012-04-05. The rest of the page, including the sidebar and navigation menu, remains the same.

## d. Send Feedback

- Login to your account
- Click Send Feedback link
- Enter Subject
- Enter Feedback content
- Enter Captcha
- Press 'Send' button
- Appropriate message is displayed

## e. Upload Photo

- Login to your account
- Click <userid>'s profile link on the top right of the page
- Click browse button
- Select the picture you want to upload and press ok button
- Click Upload Photo button
- The profile reloads with the uploaded photo

## 4. Moderator

### a. Approve Article

- Login to your account
- Click on Validate Articles link
- A list of 'to-be-validated' articles are displayed
- Click Approve Article button on the article you want to approve
- On clicking, a notification mail will be sent to the user's email address
- This may not work under proxy servers

A screenshot of a web browser window titled "Unapproved Articles". The URL is "localhost:8080/InfiniteLoop/viewunapproved". The page has a dark header with the title "infiniteLoop" and a "Welcome, ajay Logout" message. A navigation bar below the header includes links for Home, View Articles, Post Articles, Send Feedback, Validate Articles (which is highlighted), About, and Contact. The main content area is titled "Articles" and shows a single entry: "Test Article" by "krish" posted on "2012-04-05". Below the article text is a "Search" input field and a "Validate" button. There are two buttons at the bottom: "Approve" and "Reject". A text area labeled "Enter Reason" is positioned between them. At the bottom of the page is a JavaScript code block: "javascript:document.submitForm.action='viewunapproved';document.submitForm.submit();".

A screenshot of the same web browser window after the article has been validated. The URL is now "localhost:8080/InfiniteLoop/approve". The page content is identical to the previous screenshot, but a notification message box is overlaid in the upper right corner. The message box contains an info icon, the text "Notification mail sent", and the user information "Welcome, ajay Logout" and "ajay's profile". The rest of the page layout remains the same, including the navigation bar, article list, and footer.

## b. Reject Article

- Login to your account
- Click on Validate Articles link
- A list of 'to-be-validated' articles are displayed
- Enter the reason for rejection
- Click Reject Article button on the article you want to approve
- On clicking, a notification mail will be sent to the user's email address
- This may not work under proxy servers

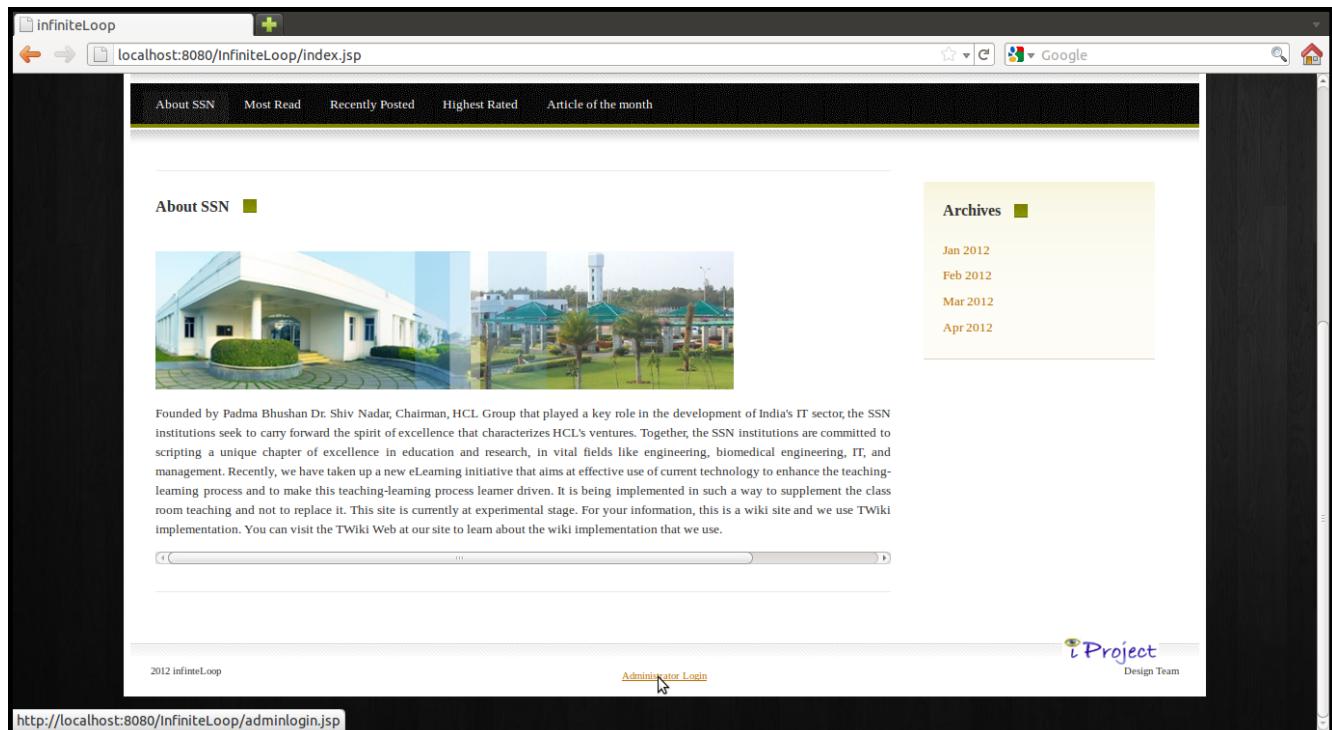

A screenshot of a web browser window titled "Unapproved Articles". The URL is "localhost:8080/InfiniteLoop/viewunapproved". The page has a dark header with the title "infiniteLoop" and a "Welcome, ajay" message. A navigation bar below the header includes links for Home, View Articles, Post Articles, Send Feedback, Validate Articles (which is highlighted), About, and Contact. The main content area is titled "Articles" and shows a single entry: "Test Article" by "krish" posted on "2012-04-05". Below the article is the text: "This is a test article. This article is used for testing if the post article works fine or not." There are two buttons at the bottom: "Approve" and "Reject". A text input field labeled "Enter Reason" is positioned between them. At the bottom of the page, there is a JavaScript code snippet: "javascript:document.submitForm.action='viewunapproved';document.submitForm.submit();".

A screenshot of the same web browser window after an article has been approved. The URL is now "localhost:8080/InfiniteLoop/approve". The page title is "infiniteLoop". A notification message box in the top right corner says "Notification mail sent" with an info icon. The main content area is identical to the previous screenshot, showing the "Test Article" entry. The navigation bar and other page elements remain the same. At the bottom of the page, there is a footer with the text "2012 infiniteLoop" and a logo for "iProject Design Team".

## 5. Administrator

### a. Login

- Goto home page
- Click the Administrator Login link as shown

- Enter the admin username and password
- Press the 'Login' button
- After that you will be navigated to the home page
- Admin specific options such as View Feedback and Edit Users will be visible in home page

## d. Remove Moderator Permission

- Login as admin
- Click the Edit Users link in the home page
- All the users along with their type are displayed
- A moderator can be made as an ordinary user by clicking the 'Remove Moderator Permission' link under the user id.
- Then that particular user will be made as a regular user.  
(i.e) He/She will lose all the moderator privileges

The screenshot shows the 'Edit Users' page of the infiniteLoop application. The URL in the browser is 'localhost:8080/InfiniteLoop/changetype'. The page has a dark header with the title 'infiniteLoop' and a 'Logout' link. A green navigation bar at the top includes links for Home, View Articles, Validate Articles, Edit Users, View Feedback, About, and Contact. Below the navigation bar, there's a section titled 'Articles' with a search bar. Two users are listed: 'ajay' and 'krish'. For 'ajay', the 'Moderator : Yes' link is active, with options to 'Remove Moderator Permission' and 'Delete User'. For 'krish', the 'Moderator : No' link is active, with options to 'Give Moderator Permission' and 'Delete User'. A cursor is hovering over the 'Delete User' link for 'krish'. On the right side, there's a sidebar titled 'Archives' listing months from Jan 2012 to Apr 2012. The footer contains the text '2012 infiniteLoop' and a logo for 'iProject Design Team'.

## e. Delete User

- Login as admin
- Click the Edit Users link in the home page
- All the users along with their type are displayed
- To delete a particular user the 'Delete User' link below that particular user id
- Then that user along with all his/her articles, comments and feedback will be deleted

Screenshot of a web browser showing the 'Edit Users' page at [localhost:8080/InfiniteLoop/users](http://localhost:8080/InfiniteLoop/users). The page displays a list of users: ajay, krish, and test user. The 'test user' entry has a 'Delete User' link highlighted with a cursor. The right sidebar shows an 'Archives' section with links to Jan 2012, Feb 2012, Mar 2012, and Apr 2012. The footer includes a copyright notice '2012 infiniteLoop' and a logo for 'iProject Design Team'.

```
javascript:document.getElementById('del2').submit();
```

Screenshot of a web browser showing the 'infiniteLoop' homepage at [localhost:8080/InfiniteLoop/delete](http://localhost:8080/InfiniteLoop/delete). A success message box is displayed in the center: 'User Deleted Successfully'. The page layout is identical to the previous screenshot, showing the same user list and sidebar. The footer includes a copyright notice '2012 infiniteLoop' and a logo for 'iProject Design Team'.

## **FAQ (Frequently Asked Questions):**

1. Is it possible to view this website in any browser ?

*Of course yes, this website has been tested in Mozilla Firefox, Google Chrome, NN & IE. (iProject recommends Mozilla Firefox).*

2. Is it possible for anyone to work in this website ?

*Any one can browse, search and view articles but only registered users can Post Articles.*

3. What is the basic knowledge should a user have ?

*It is sufficient that user has Basic English knowledge and knows how to use computer, since “infiniteLoop” is highly User- Friendly.*

4. Why “Online College Magazine” is required ?

*Not all students make it to the printed version. So here both the students and faculties can share their ideas and interact.*

5. Why there is no Forgot-Password option in “infiniteLoop” ?

*Forgot-password option is somewhat insecure is not provided. Password Recovery is provided by sending private-messages to admin, which is more secure way.*

6. Why is there no Site Map in infiniteLoop?

*Since, infiniteLoop itself is simple and easy to navigate on its own there is no need for a sitemap.*
